

## Examination Overview 2019-2020

KS1-KS3 Data
KS4 and KS5 Examination Data
Summer Exam Series

## COVID 19 - Data Implications 2019-2020

As part of steps taken to fight the spread of coronavirus (COVID-19), the government announced that all exams due to take place in schools and colleges in England in summer 2020 are cancelled and that it will not publish any school or college level educational performance data based on tests, assessments or exams for 2019-2020.

## Changes to accountability arrangements

Schools and colleges will not be held to account on the basis of exams and assessment data from summer 2020 and that data will not be used by others, such as Ofsted and local authorities, to hold schools and colleges to account.

## School, college or MAT level performance data

Ofqual / DfE will not be publishing school, college or multi-academy trust (MAT) level performance data based on summer 2020 tests, assessments and exams at any phase.
They will not be publishing, or sharing, school, college or MAT level accountability measures, such as Progress 8 and level 3 value added, using the summer 2020 data.
The performance tables that were due to be released in October and December 2020, and in January and March 2021, will not go ahead.
They will also not publish any institution-level qualification achievement rates in the national achievement rate tables for the 2019 to 2020 academic year.

## Primary school assessments

DfE will not publish any national, regional, local or constituency statistics for any primary school assessments for the 2019 to 2020 academic year.
This includes:

- Early years foundation stage profile
- Phonics
- Key stage 1
- Multiplication tables check
- Key stage 2

## Exams and assessments

DfE will not share the educational performance data from 2020 exams and assessments with schools via Analyse School Performance, or through the ASP accredited service.

Schools and colleges will receive details of grades awarded directly from awarding organisations. DfE will not run the primary, secondary or 16 to 18 school and college performance data checking exercises and will not return any pupil level or institution level data on the 2020 grades to schools and colleges.

DfE will not use the 2020 exams data when setting criteria in other areas, such as teaching schools, English and maths hubs and free school applications.
Schools and colleges should not use the 2020 exams data as part of their teacher performance management process.

## Organisations that use the data

All those working with schools and colleges, such as Ofsted, Department for Education regional teams and local authorities, should use data from previous years when assessing school and college performance, and not the 2020 data.
This is still available on the performance tables website and Ofsted's inspection data summary report.

Based on the information and guidance provided by the DfE the data provided for KS1 and KS2 remains unchanged from 2018-2019 as outlined below:

## Key Stage 1-Phonics Test

(National pass mark $=32 / 40$ )

- Two year 1 pupils took the Phonics Test and scored 20/40 and 19/40.
- 10 pupils were working below the phonics level for test at year 1.
- Three year 2 pupils took the Phonics test and scored: $30 / 40$ (previously 21/40, 9/40 and 0/40.)
- 7 pupils were working below the standard of the test at year 2.

| Other Values | $\underset{\text { Absent / Disapplied }}{\text { A / D }}$ |  |  |  |  | A/D |  |  |  |  |

## Key Features at Key Stage 1:

- Pupils' scores have been mapped onto the KS1 pre-key stage standards.
- Students performed in line with teacher expectations with all students in the upper or median quartiles ( $43 \%$ and $57 \%$ ).

Key Stage 2 SATS 2019-2020 ( 2018-2019 Data)

| Reporting mechanism to DFE |  |  |  |  |  | WS P-Steps | Number of pupils |  |  |  |

## National Test Results Key Stage 2

- 6 students sat KS2 SATS this academic year.
- A scaled score of 100 shows students have met the standard of the test. The lowest scaled score is 80 . An N indicates that a student has not achieved an outcome.
- More students were entered for KS2 SATs than any other year with positive results!

|  | Writing | Reading | Maths |
| :---: | :---: | :---: | :---: |
| Student 1 | 81 | N | 82 |
| Student 2 | 85 | N | N |

| Average <br> scaled score | 84 | 83 | 82 |

## Key Stage 3 Teacher Assessment Data - 2019-2020

Due to Covid-19 summer data has been omitted. Re-baselining of students across secondary will take place for RAG rated students following teacher assessments during Sept / Oct. Students that need baseline assessing will be identified by teaching staff and data will be entered at October half term. Students may have regressed physically and mentally during lockdown which justifies the need to rebaseline students to ensure that progress can be monitored effectively moving forward.
